

3 hours compliant exit sign emergency light

Emergency Light LED Exit Sign

Safety is important for building owners, and therefore having proper emergency lighting in place is a major concern for them. The Emergency exit sign offers an easy solution for stand-alone emergency lighting, with maintained mode and various installation methods which are suitable for different applications. The lithium battery (LiFePO4) has many advantages over nickel-based products, as it has a longer lifetime, better discharge behaviors, is produced in a more welfare friendly way and can be recycled.

Benefits

- Welfare friendly solution versus nickel-based products as the battery can be recycled.
- Lithium based battery type provides longer lifetime, low self-discharge and high temperature tolerance.

Features

- 3 hours battery duration when full charged
- Self-test function
- LFP is designed environmental friendly
- Maintained mode
- Safety & reliable

Application

- Airports
- Offices
- Retail

Specifications

Mounting type	Recessed/wall/ceiling/flag/suspended
---------------	--------------------------------------

Emergency Light LED Exit Sign

Operating Temperature range	+0 to +45 °C
Light Source	LED
Mains Voltage	220-240V/50-60Hz
Mechanical Accessories	Flag ins. kit Recessed ins. kit Suspended ins. kit legend with directions
Dimming	PSU
Emergency lighting	Emergency lighting Pro 3hrs
Material	PC
Main color of the luminaire	RAL 9003
Protection Class	class II
IEC61140	

Ingress protection	IP20
Light source replaceable	No
Driver replaceable	No
Overall height	42
Overall length	313
Overall width	212
UGR	22
Installation	Ceiling Wall Flag Recessed Suspended
Warranty	1 year
