

Easy, effective, smart lighting for all.

Interact Ready Ceiling-mounted Sensors

Enhance your smart lighting system effortlessly with Interact Ready ceiling-mounted wireless sensors. Place the sensors wherever you need them for complete coverage. Control an entire group of Interact connected luminaires and devices with a single ceiling-mounted sensor, or group them with other Interact Ready sensors for ultimate control flexibility. The Interact app makes zoning and re-zoning a breeze, without any wiring limitations. The result? Impressive energy savings and exceptional control flexibility.

Application

- Office
- Industrial
- Education
- Healthcare
- Retail
- Hospitality
