

# Product Description

## Reflector diam 63 mm

Reflector lamps based on advanced spotlighting technology

### Benefits

- Centre-beam intensities up to 100% higher than with conventional reflector lamps

### Features

- Optic gives double reflection of part of the light emitted by the filament
- Beam spread and luminous intensity make these lamps especially suitable wherever space is limited and in small luminaires
- Direct replacement for conventional reflector lamps of all kinds
- Easy fitting and removal thanks to tapered profile

### Application

- All the benefits of high-performance, high-efficiency spotlighting, simply by replacing conventional reflector lamps with ring mirror lamps of the same size and wattage
- Display lighting in shops, hotels, restaurants and homes

### Versions

871150004366578 - RFT
