

GreenSpace Accent Projector mini – A flexible, affordable and compact all-rounder for Retail applications

GreenSpace Accent Projector mini

The GreenSpace Accent Projector mini is the smallest size projector in the GreenSpace Accent range. With a diameter of only 80mm and integrated onboard driver, it offers a clean and small design to be discretely integrated in the store environment. The high performance and Philips Food LED recipes will deliver a strong fit to food retail and small city center store formats. The full range of beam angles and Philips Fashion LED flavors on the other hand, is creating a high quality of light to enhance the fashion collection, making this projector suitable for many different retail applications.

Benefits

- Clean, robust and neutral design
- High light output in a compact size
- Integrated onboard driver and small track adaptor allowing installation of numerous spots even in limited track space
- High energy efficiency, maintained over the full lifetime of the product

GreenSpace Accent Projector mini
