

Circular shaped, basic fluorescent lighting

TL-E LIFEMAX Standard Colours

This circular TL lamp (tube diameter 29 mm) enables omni-directional light distribution. It is suitable for use in a wide range of luminaires for various purposes where color rendering is not important.

Benefits

- Standard colours with moderate colour rendering (R a 50 - 70)
- Create atmospheres from warm white to cool daylight

Features

- Available in varying colour designations
- Symmetrical, omni-directional light distribution

Application

- Suitable for use in a wide range of luminaires for various purposes, including many decorative luminaires
- Ideal for 'human' applications such as schools, offices, shops, theatres etc. where colour rendering is not an important factor
