

Indoor Camera

The WiZ indoor camera integrates with your WiZ lights to create a combined lighting and home monitoring system. Position the camera anywhere you like and trigger it via motion detection, sound detection, or the WiZ app. Use night vision to see in the dark, two-way audio to deter intruders or offer help, and record the evidence. WiZ gives you full control whether at home or away with our integrated security and light control app. Turn on the lights, trigger a light alarm, turn on two-way audio, or activate the WiZ camera to see what's happening in real time—no matter where you are. SpaceSense enables compatible WiZ lights to act as motion sensors, so there's no need for dedicated sensing devices or additional wiring. And you can control both security and lighting from a single app.

PRODUCT HIGHLIGHTS

- End-to-end encryption
- 10-day event and recording access
- 120° Field of view

Quick & easy setup for home monitoring

Includes a desk-stand and wall mount for convenient use in any location. Angle your WiZ camera to cover your targeted area. Just switch on and connect to your Wi-Fi. It can't be easier! Configure your camera settings via the WiZ app, enabling home monitoring, whenever you wish, even when you're away.

See what's happening at home

Check on your home anytime and from anywhere, with our real-time video streaming feature. Experience peace of mind when far away, by assessing all incident notifications, seeing what's going on in your home and avoiding false alarms.

Use WiZ lights as an alarm or to mimic your presence

When away on vacation, make it appear that someone is at home by setting your WiZ lights on and off automatically, simulating presence at home, discouraging potential intruders. Plus, you can also set your lights to flash, should an incident be detected, notifying your neighbours of any unwelcome activity.

Enhance your sense of security with motion notifications

Get immediate notifications via your smartphone of loud sound or movement detected by WiZ camera when you're away. You can also set your camera to automatically start recording* when activity is detected.*Paid subscription or SD card is required.

Integrate your WiZ camera to your smart home system

It's not just the WiZ app that can control your camera. Use Amazon Alexa or Google Assistant and stream your camera feed on supported displays. Capabilities and functionalities vary from system to system.

Clear visuals, day or night

High-definition video and infrared (IR) light captures activity, during the day or at night, within a 120° field of view.

SPECIFICATIONS

DESIGN AND FINISHING

Color: White
Material: Plastic

MISCELLANEOUS

Especially designed for: Living Room
Dining Room Children's room

PRODUCT DIMENSIONS AND WEIGHT

Net weight: 0.4 lb
Cable length: 2,500

SERVICE

Warranty: 2 year(s)

TECHNICAL SPECIFICATIONS

IP code: IP20 | Finger-protected
Class of protection: Class III - Safe
Extra Low Voltage
Camera lens field of view (degrees):
120
Camera adapter: No
