Make any wall socket smart

Make any everyday device smarter in seconds—simply plug it into this smart plug and enjoy instant remote control from anywhere. Create smart automations to match your routine, schedule devices to turn on or off automatically, and ensure everything powers down when you're away to help save energy. With built-in energy monitoring, you can track real-time power, current, and voltage, review historical usage data, and make smarter decisions to help reduce costs. Easy to set up using the WiZ app, fully compatible with all Connected by WiZ products, and Matter-certified for seamless integration with smart home assistants like Alexa, Apple Home, and Google Home.

Highlights

Setup couldn't be easier

Download the WiZ app, connect your device to the power, and then connect it to your Wi-Fi network. And now you can start using it!

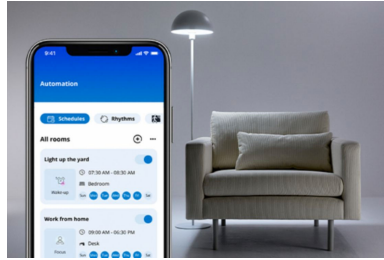

Connected by WiZ

Control your lights using the WiZ app, accessories, or voice commands via your smart home assistant; compatible with Alexa and Google Home.

Make any device smart

No wiring or extra tools needed, simply plug your device into this smart plug and you'll be able to control it remotely from anywhere.

Smart automations

Schedule your devices to switch on or off in sync with your daily routine, or make sure they're switched off when you're away from home to save energy.

Matter certified

Control your way using your preferred smart home assistant—Matter compatible for seamless integration with Alexa, Google Home, and Apple Home.
