Installation Instructions – ES Series LED Edge-Lit Exit Signs

⚠ WARNING

Risk of Fire, Electrical Shock or other Casualty Hazards- Installation and maintenance of this product must be performed by a qualified electrician. This product must be installed in accordance with the applicable installation code by a person familiar with the construction and operation of the product and hazards involved.

Risk of Fire and Electric Shock- Make certain power is OFF before starting installation or attempting any maintenance. Disconnect power at fuse or circuit breaker.

Risk of Burn- Disconnect power and allow fixture to cool before handling or servicing.

Risk of Personal Injury- Due to sharp edges, handle with care.

DISCLAIMER OF LIABILITY: Cooper Lighting Solutions assumes no liability for damages or losses of any kind that may arise from the improper, careless, or negligent installation, handling or use of this product.

Note: Specifications and dimensions subject to change without notice.

NOTICE: Fixture may become damaged and/or unstable if not installed properly.

ATTENTION Receiving Department: Note actual fixture description of any shortage or noticeable damage on delivery receipt. File claim for common carrier (LTL) directly with carrier. Claims for concealed damage must be filed within 15 days of delivery. All damaged material, complete with original packing must be retained.

Important Safeguards

When using electrical equipment, basic safety precautions should always be followed including the following:

Read and follow all safety instructions

1. Do not use outdoors.
2. Do not mount near gas or electric heaters.
3. Equipment should be mounted in locations and at heights where it will not be subjected to tampering by unauthorized personnel.
4. The use of accessory equipment not recommended by the manufacturer may cause an unsafe condition.
5. Do not use this equipment for other than the intended use.

SAVE THESE INSTRUCTIONS:

Other instructions-

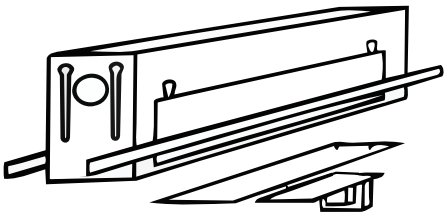

This sign shall be installed only where there is adequate color contrast between sign legend and the interior wall finish behind the sign, to provide full sufficient visibility.

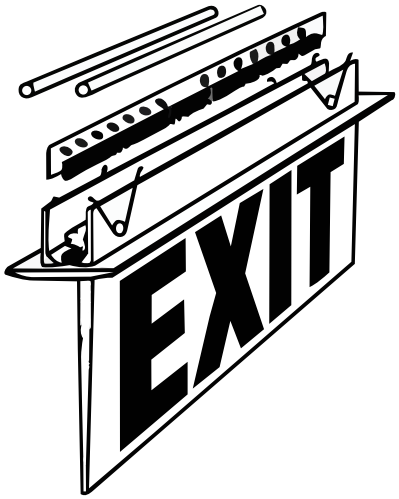

Installation Instructions – ES Series LED Edge-Lit Exit Signs

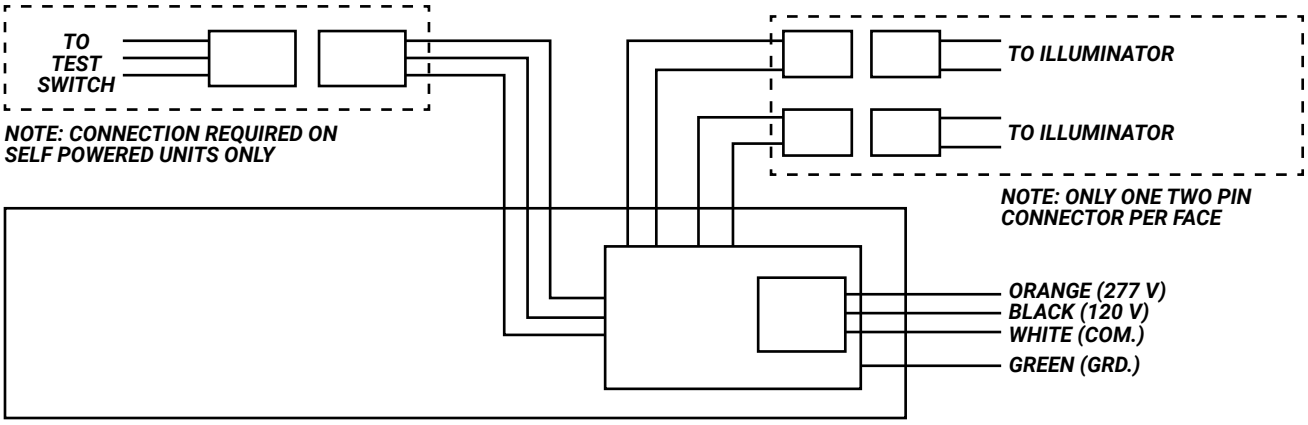

⚠ CAUTION

TO AVOID THE POSSIBILITY OF ELECTRICAL SHOCK DISCONNECT THE POWER FROM THE MAIN SOURCE BEFORE BEGINNING INSTALLATION.

1. Provide an unswitched power source of 120 / 277 V 60 Hz., and attach to the housing using an approved electrical connector.
2. Secure the recessed housing to the wall or ceiling using the adjustable mounting brackets and plates. The housing must be installed so that the bottom of the housing is flush or slightly above (1/8" Max) the finished surface of the wall or ceiling.
3. See the wiring diagram below for supply connections.
4. Cap off unused wires. In all cases, use standard wire nuts in connection to wires.
5. Compress the torsion springs and attach the trim assembly to the recessed housing. Do not push the trim assembly flush to the ceiling at this time.
6. Connect the two pin connector from the power board to the two pin connector coming from the trim assembly. **Note**: there is one connector for each illuminated face.
7. For self powered units only, connect the three pin connector from the power board to the three pin connector coming from the trim assembly.
8. Push the trim assembly up flush to the wall or ceiling to finish installation.
