

Built in light sensor for added security from Dusk-to-Dawn

MASTER Plastic LED Dusk to Dawn

Philips Dusk to Dawn A19 lamp is equipped with a built in light sensor that turns the lights on automatically when the sun goes down and turns the light off when the sun rises which make them very energy efficient. By offering a lifetime of 15,000 hours it reduces maintenance costs.

Benefits

- Equipped with a built in light sensor that turns your light bulbs on automatically when the sun goes down and turns the light off when the sun rises
- Long life -- lowers maintenance costs by reducing re-lamp frequency

Features

- Easy retrofit with existing lamp holders
- Long lifetime
- Instant full light on upon switching on
- UV- and IR-free light
- Free of mercury and hazardous materials – RoHS Compliant

Application

- Security Lighting
- Hotels/Motels
- Residential & Assisted Living
