Eco passport

CorePro LEDcapsule 2-25W ND G9 830 G CorePro LEDcapsule MV

The LED specialities deliver a high-quality light, which is a true replacement for halogen speciality lamps (such as G9 and R7S). It is particularly suitable for task lighting in hotels and restaurants, and ideal for decorative and ambient applications. LED specialty products deliver huge energy savings and minimise maintenance costs, without any compromise on light quality.

Our eco passport

Signify leads the way to brighter lives and a better world. As part of the design process we innovate to reduce environmental impact and bring wider benefits to the world we operate in.

We know this is important to you too. So we have developed an eco passport explaining the environmental and social performance of our products in eight Sustainable Focal Areas, developed through our Sustainable Design process since 1994.
